Elora Environment Centre

Dear Friends,

It is my privilege to extend congratulations to you on behalf of the Council and residents of Centre Wellington, as the Elora Environment Centre celebrates 16 years of service in our community.

Since its inception in 1993, the Elora Environment Centre has grown into a well-respected organization that provides avenues and opportunities for residents of Centre Wellington to improve the quality of life in our community through a variety of conservation measures. We applaud the many people dedicated to generously volunteering their time and expertise in leading the way in a healthy and sustainable world through programs such as Neighbourhoods, ecoEnergy and the Green initiatives!

Council and residents of Centre Wellington sincerely appreciate your commitment to developing programs that bring awareness and help each of us do our part to achieve and sustain 'environmental excellence' in our homes, schools, workplaces and green spaces.

It is with a sense of pride and community that we sincerely give our Best Wishes on your 16th Anniversary as we celebrate together the founding of the Elora Environment Centre! We look forward to working together for the betterment of Centre Wellington and its people.

Yours sincerely,

Mayor Joanne Ross-Zuj
